

My life, like most people's, has been filled with tests and trials. What helped me the most was a strong voice speaking to me through my conscience. It was like He was right next to me. I began to hear this voice at the age of eight, and I would later come to realize it was God speaking to me.

The Lord would help me multiple times in my life. However, one time, as I was driving home from work, I was questioning what He had told me to do. That day, I tried to change His words. All of a sudden, a bolt of lightning came down and struck a power pole right next to me. The sky was a little dark, but it was not raining. I was not sure if this had happened just by chance or if it was God trying to get my attention. Taking no chances, I did what He told me to do the next day.

I learned a very important lesson that day: the Lord has never been wrong. I should have just listened to Him and done what He told me to do the first time. Oh, yeah—also, do not make the Creator of the Heavens and the Earth angry.

The Lord showed me a wonderful way to look at the Book of Revelation. By using the history of mankind, we can see how the Bible applies to our everyday lives. Forming a relationship with our Heavenly Father can be very rewarding.

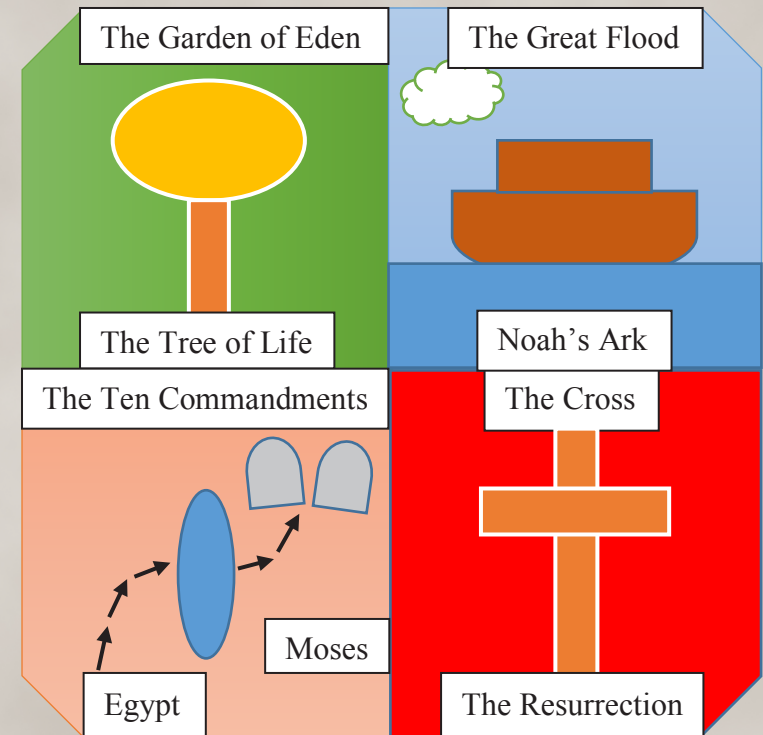

Then said Jesus to those Jews which believed on Him, If you continue in My word, Then are you My disciples indeed; And you shall know the truth, and the truth shall make you free (John 8:31–32).

The History of Mankind

Most everyone has heard of Adam and Eve, Noah's Ark, and Moses and the Ten Commandments. Do you know how they relate to Jesus' Resurrection?
